Thank you everybody for your efforts to make the face-to-face SeTSC meeting last month in Whitefish a success. Please find the following attachments in this email:

- Draft face-to-face Meeting Summary for your review by **December 18**
- Agenda for the December 18 SeTSC teleconference
- Kooacanusa Fish Information spreadsheet – please consider reviewing this prior to the December 18 call. We encourage you to consider this Fish Information spreadsheet along with the criteria for target species selection as discussed in Whitefish and located on page 9 of the Draft Meeting Summary in preparation for the December 18 call.

In addition, we are working on a draft “tracker” as discussed at the face-to-face meeting and will be distributing that for your review soon.

Thank you,
SeTSC co-chairs
